Initial Fitting: For a proper fitting tuxedo, accurate measurements are vital. Please visit a menswear or tuxedo specialist near you. Bring this form with you when you get measured. Ask the specialist to complete the “measurements” section above. Then you can fill in your personal information.

Submit your measurements: After your form is complete you can email it to us at pagesixskippack@gmail.com or fax it to us at 610-222-8184.

Final Fitting: Please try on your tuxedo at your scheduled pick up the week of the wedding (Typically Wednesday or Thursday). Please do not wait until the day before the wedding, unless you won't be getting into town until that day. Accurate measurements will make this process go much smoother, but adjustments may need to be made. Please allow ample time so that we may provide the best possible fit of your garments. Thursday evening the week of the wedding is our final cut off to order replacement sizes if we need to. We do not accept out of state checks at pick up.

Please Note: We cannot be held responsible for measurements not completed in our shop. We will do everything possible to make necessary corrections, however special freight charges may apply.
